Allergen Information Consumer Report For Non Packaged Products (R0267)

04/01/2024 09:42

Disclaimer : Data contained in this report is the most accurate and up to date information in relation to the products listed. This report and the information contained in it supersedes any predated reports.

General Allergens Statements : Allergens stated are those contained in the food when delivered to store. Due to the nature of the in store environment it is possible for cross contamination of allergens to occur from one food to another. If you have difficulty identifying any food in the information booklet please contact a member of staff.
